#### THE SARONG IS YOU

Willis on Parrot Cay, in Turks and Caicos. He was initially disappointed that his fourth *Die Hard* film will likely be cut to get a PG-13 rating rather than an R. "I really wanted this one to live up to the promise of the first one, which I always thought was the only really good one."

THE FAMILY THAT  
PLAYS TOGETHER

Willis with his "extended family"—ex-wife Demi Moore and her new husband, Ashton Kutcher—off Parrot Cay. "I love Demi," Willis says, "and I know she loves me."
